Magic Making Miracles in Tallahassee

\$46,368 pledged by 107.1 listeners

Magic 107.1 and the Magic Morning Show team, Troy and Dawne, held the annual Working Magic for Kids Radiothon April 19-20 to raise funds and awareness. Troy and Dawne stayed on the air for 13-hours a day interviewing families from the North Florida and South Georgia area whose children have been treated at Shands. "We like to know that we are doing whatever we can to help our community. Through the Working Magic for Kids Radiothon, we know that we are helping our area's children receive the best medical care in their own backyard at Shands" said Troy. Through the tireless efforts and dedication of Troy and Dawne and the many family stories that were shared during the Radiothon, Tallahassee and the surrounding community pledged \$46,368 for Children's Miracle Network. Recently, Dawne has moved on in her career and we wish her well. Clear Channel Tallahassee and Children's Miracle Network welcomes Troy's new morning show partner, Blythe Newsome, to the radiothon family.
