

RE/MAX "Art Through the Eyes of a Child" ART AUCTION

The RE/MAX Professionals Art Through the Eyes of a Child Art Auction to benefit Children's Miracle Network celebrated six years of making miracles happen with nearly 300 attendees and more than 100 pieces of artwork.

The event featured unique artwork from framed canvas pieces to ceramics to woodworking items — all created by pediatric patients through the Shands Arts in Medicine program. Many of the items showcased the "Sea of Dreams" theme. Local celebrity auctioneers, Ilene Silverman and Storm Roberts, hosted the event with Shands Children's Hospitals Ambassador Families sharing their stories during the live auction. These families included children treated in the Neonatal Intensive Care Unit, cystic fibrosis patients and a pediatric cancer survivor.

The event, presented by RE/MAX Professionals, raised more than \$42,000 to benefit Children's Miracle Network. The event has raised more than \$309,000 since its inception.
