Shands Stats/Did You Know?

- Last year, UF College of Medicine physicians, Shands nurses and medical staff at Shands Children's Hospital treated 8,411 inpatients.
- UF College of Medicine physicians, Shands nurses and medical staff at Shands Children's Hospital treated patients from every Florida county but one, 43 other states and seven foreign countries last year.
- Shands Children's Hospital has 155 total beds with 135 UF physicians taking care of kids in all the medical and surgical specialties. There is also an additional 39 non-clinical staff members who are research focused.
- Our Kidney Disorder and Dialysis Center is one of the most comprehensive children's kidney centers in the state with a nationally recognized dialysis transplant program. UF College of Medicine Physicians have performed more than 500 kidney transplants.
- Last year, nearly 800 infants were admitted to the NICU at Shands Children's Hospital. This unit cares for the most critically sick and premature infants.
- Between 225-250 cardiovascular surgeries were performed last year. That is an average of between 18-20 each month.
- About 500 pediatric surgeries were performed on children's bones and joints last year. That is an average of almost 42 each month.
- The ShandsCair air transport team, transported 246 pediatric patients to Shands for care in fiscal year 2009. Therefore, approximately 20 patients per month are air lifted to Shands for care.

If you prefer not to be contacted for future fundraising activities, please notify us in writing, including your full name, address and phone number and send to: Shands HealthCare PO Box 100386 Gainesville, FL 32610.
